TECHNICAL DATA SHEET

NAME: 2,000 LUMEN WORK LIGHT

PART NUMBER(S): NE112

PRODUCT DESCRIPTION:

2,000 Lumen Work Light delivers powerful, adjustable lighting in a compact, job-ready design. Producing up to 2,000 lumens with a dual-axis head that rotates 360°, it provides multi-directional illumination exactly where you need it. With up to 20 hours of runtime, hybrid cordless or wired operation*, and a magnetic kickstand for hands-free use, it's built for adapting to tight spaces and larger worksites. With durable, water-resistant construction for tough conditions, and a USB power bank, it is the ultimate hands-free lighting solution for tradesmen and DIYers alike.

Features and Benefits:

- Delivers up to 2,000 lumens of bright, uniform white light
- Dual-axis head rotates 360° for precise light positioning
- Up to 20 hours of runtime for extended use
- Hybrid cordless or wired operation for flexibility
- Magnetic kickstand enables multiple hands-free mounting options
- Rugged, shock-absorbing construction for jobsite durability
- IPX4 water resistance for reliable performance in tough conditions
- Built-in USB power bank for added convenience
