

TECHNICAL DATA SHEET

NAME: 3 PLY POLYPROPYLENE MASK (WASHABLE)

PART NUMBER(S): GL2002

PRODUCT DESCRIPTION:

Washable 3 Ply Polypropylene face mask with folds, non woven SMS, with earloop.

Features and Benefits:

- Designed with adjustable elastic ear loops.
- The principal function of the face mask is to avoid polluting agents, bacterial infections, saliva, mucus, oral infections, among others.
- Ergonomic design to improve comfort, with better aesthetics and cleaner for the user,
- Better for clinical and industrial use
- Material: Polypropylene non woven SMS breatheble fabric.

Properties:

- Lower density
- Crystallinity and flexural modulus
- Transparency
- Toughness and elasticity.

Technical Specifications per ply:

Weight.....22 gsm
 Mach. Resist.....7.228 kg/inch
 Mach. Elong.....79.17%
 Trans. Resist.....4.87 kg/inch
 Trans. Elong.....94.338%
 Water Permeability.....24.053 mbar
 Air Permeability.....51.695 m3/m2/min
 FLAME Retardant.....Accepted

Quantities:

100 UNITS/CASE
