TECHNICAL DATA SHEET

NAME: 600 LUMEN RECHARGEABLE HEADLAMP

PART NUMBER(S): NE118

PRODUCT DESCRIPTION:

600 Lumen Rechargeable Headlamp delivers versatile, comfortable illumination in a compact, lightweight design. Its flexible 180° COB LED light band provides even flood lighting for close-up tasks, wide-area visibility, and improved peripheral awareness. A dedicated spotlight supports long-distance viewing, while the combined flood and spot mode produces up to 600 lumens of brightness. USB-C rechargeable and compatible with three AAA batteries as a backup, it offers dependable lighting wherever you need it.

Features and Benefits:

- Flexible design with 180° wide-angle illumination
- Six light modes for versatile lighting
- 300-lumen COB LED floodlight
- 500-lumen LED spotlight
- Up to 600-lumen flood and spot output
- Soft headband liner for comfortable wear
- Universal sizing
- Integrated 20° tilt for adjustable positioning
- IPX4 water-resistant construction
- Compact, lightweight, and impact-resistant design
- Durable aluminum, TPR, and ABS polymer construction
- USB-C rechargeable
- Built-in 1100mAh lithium-polymer battery
