AWESOME SAUCE CONCENTRATE

THE STRUGGLE

Oh no! Our client had a clogged grease trap. It smelled horrible and the grease was hard as a rock...

THE FIX

Awesome Sauce to the rescue! We metered **Awesome Sauce** directly into the trap so there was no room for user error. It took no time for the trap to be free flowing and working condition. The smell also went away as you can tell we were able to take the picture standing next to it without passing out.
