

## TECHNICAL DATA SHEET

**NAME:** BLUE CLAW

**PART NUMBER(S):** AB22-50, AB22-50P, AB22-100, AB22-100P

### PRODUCT DESCRIPTION:

These calcium chloride-based pellets generate exothermic heat to power through thick snow and ice accumulations. They work in temperatures as low as -25°F and prevent refreezing. Plus, they are non-corrosive to concrete and will not leave behind a residue or kill grass.

### Features and Benefits:

- Works immediately to melt ice, frost and snow
- Non-corrosive to concrete when used as directed.
- Effective in temperatures as low as -25°F
- Generates exothermic heat to power through thick deposits
- Prevents refreezing

### Use on:

- Sidewalks
- Ramps
- Brick
- Driveways
- Loading Docks
- Concrete
- Stairs
- Parking lots
- Asphalt
- Bridges
- Tar
- Flagstone

Note: Not for Food Use

### Properties:

Appearance.....White Pellets  
 Fragrance .....None  
 Ready to Use.....Yes  
 Specific gravity.....2.2

**Directions** Complete directions on product label  
 For temperatures above 5°F, use ½ pound per square yard of ice. At 0°F, use 1-2 pounds. Spread evenly over surface. When pellets have penetrated and cracked loose the ice layer, remove the melted slush. Spread sparingly and evenly.

### Quantities:

50 LB PAIL (AB22-50)  
 36 PAILS/PALLET- 50 LB PALLET (AB22-50P)  
 100LB BOX (AB22-100)  
 24 BOXES/PALLET-100 LB BOX PALLET (AB22-100P)
