**DEODORIZES AND LEAVES NO RESIDUE.** Using the power of hydrogen peroxide, Boom Boom's next generation technology removes stains from carpets, upholstery, and clothing. Boom Boom is formulated at a higher pH than most cleaners. Hydrogen peroxide is more active at a higher pH making Boom Boom more effective than other market brands. Boom Boom also has an anti-resoiling agent to prevent stains from reappearing. On top of all of that, Boom Boom also destroys odors caused by stains. **REMOVES SOILS SUCH AS:** Blood, ink, coffee, red wine, tea, juice, Kool-Aid, grass stains, grease, pet stains, soda and more.

### DIRECTIONS

Spray Boom Boom on stain or soil. With a clean, dry cloth, work from outside of the stain towards the middle in a circular motion. Allow to dry. Always test on an inconspicuous place first.

### KEEP OUT OF REACH OF CHILDREN

For industrial and commercial use only. For additional information, see Safety Data Sheet.
