COOL IT PUTTY

HEAT BLOCKING PUTTY

REUSABLE

PROTECTS SURFACES
FROM HEAT TRANSFER

USE WHEN
SOLDERING & BRAZING

NET WT 12 oz (340 grams)

Cool It Putty is a reusable putty made from the same materials found in the heat shield of the space shuttle. Simply apply, remove, and reuse.

Features: Reuse up to 40 times. Protects surfaces, valves, and other sensitive parts from heat damage. Use with MAP/Pro, Oxy/Acetylene, Mig, Tig, Arc, and Propane torches. Non toxic.

DIRECTIONS FOR USE:

Mold a generous amount of putty in between heat source and sensitive parts. Ensure there are no gaps or air pockets. Braze, solder, or weld. Cool heated areas. Remove putty, discard burnt pieces, and place back in jar. If putty becomes dry remoisten with water and mix by hand.

KEEP CONTAINER SEALED WHEN NOT IN USE (centered below Cool It Putty name)

FIRST AID

IF EYE CONTACT: Avoid contact, flush with water.

IF SKIN CONTACT: Not expected to be a hazard, remove to fresh air. Wash with plenty of soap and water. If irritation persists, seek medical attention.

IF INGESTED: Not expected to be a hazard, drink plenty of water.

HMS RATINGS: Health: 1, Flammability: 0, Reactivity: 0, Personal Protection: B

FOR PROFESSIONAL AND INDUSTRIAL USE ONLY. KEEP CLOSED AND OUT OF REACH OF CHILDREN.
