

TECHNICAL DATA SHEET

NAME: ENVIRO CLEANSE

PART NUMBER(S): BQ229

PRODUCT DESCRIPTION:

This odorless, non-toxic, EPA-registered broad-spectrum disinfectant is powerful enough to eliminate 99.99% to 99.9999% of tested bacteria, germs, and viruses, yet gentle enough for use on skin. Powered by salt, water, and electricity, this next-generation formula is a one-stop shop for powerful, versatile disinfection without harsh fumes or complicated safety precautions. It provides disinfection performance reported to be up to 100 times stronger than bleach. No gloves or goggles are required during normal use. The result is an unparalleled combination of disinfection performance, versatility, and safety in one simple solution.

Features and Benefits:

- **Long-Lasting Efficacy:** Unlike Clorox® and many other disinfecting products, this ready-to-use formula remains effective for up to one year after opening. Many comparable products maintain disinfecting efficacy for only 30 days after opening.
- **EPA Registered & FDA Supported:** EPA-registered disinfectant included on EPA List N for use against SARS-CoV-2. It is also FDA-approved for use on food products and food-contact surfaces.
- **Powerful Yet Surface-Safe:** Delivers disinfecting strength up to 100 times greater than bleach while remaining safe for use on a wide range of surfaces.
- **Rapid Action:** Kills E. coli and S. aureus on food-contact surfaces in as little as 60 seconds.
- **No Harsh Chemicals, Bleach, or VOCs:** Made from salt, water, and electricity. After use, the solution breaks down into a safe saline solution.
- **Safe for People, Pets, Equipment, and Surfaces:** Non-toxic, non-irritating to the skin and eyes, and non-corrosive.
- **No PPE Required:** Staff can use this product safely without gloves, masks, or goggles.
- **Ready to Use:** Requires no mixing, dilution, or rinsing.
- **Eliminates Odors:** Kills odor-causing bacteria rather than simply masking unpleasant odors.

Kills Germs, Bacteria, and Viruses:

SARS-CoV-2 (COVID-19 virus)	>99.999%	1 min.
Staphylococcus Aureus (Soft Surface)	>99.999%	1 min.
Salmonella Enterica	>99.999%	2 min.
Escherichia Coli (incl. H157)	>99.999%	2 min.
H1N1 (Swine Flu)	>99.999%	2 min.
C-Difficile	>99.999%	2 min.
Hepatitis A virus	>99.999%	2 min.
Hepatitis B virus	>99.999%	2 min.
Hepatitis C virus	>99.999%	2 min.
Avian influenza A(H5N1)	>99.999%	2 min.
HIV	>99.999%	2 min.
Pseudomonas Aeruginosa	>99.999%	2 min.
Klebsiella Pneumoniae (Soft Surface)	>99.999%	5 min.

For Use In:

- Hospitals, health clinics
- Industrial and commercial facilities
- Nursing Homes
- Veterinarian clinics
- Schools/Universities
- Restaurants/Bars
- Hotels
- Daycares
- Airplanes, Cruise Ships, Trains
- Restrooms
- Fitness Centers
- Homes

Size:

32oz Quart Bottles
