## ORANGE MUSTANG

### THE STRUGGLE

Oh no! Someone left years of grease on the painted surface...

### THE FIX

**Orange Mustang** to the rescue! We sprayed Orange Mustang on the grease and since it is a gel, works great on vertical surfaces. We let it sit for a couple of minutes and wiped off leaving the background paint!

## ORANGE MUSTANG

### THE STRUGGLE

Oh no! Someone left duct tape adhesive on the concrete floor at a Convention Center...

### THE FIX

Orange Mustang to the rescue! We sprayed Orange Mustang directly on the adhesive residue and easily wiped it off. Since it is a gel, we could pinpoint where we wanted to spray it.

## ORANGE MUSTANG

### THE STRUGGLE

Oh no! We can't seem to get this price tag off the marble...

### THE FIX

Orange Mustang to the rescue! Orange Mustang is an industrial gel degreaser but also removes adhesives. We sprayed it on the adhesive and easily peeled it off. Orange Mustang did not damage the marble.
