

TECHNICAL DATA SHEET

NAME: PAC-MAN ENZYME GRANULES

PART NUMBER(S): AB21-25, AB21-50, AB21-100

PRODUCT DESCRIPTION:

This product utilizes the powerful waste digesting abilities of special bacteria and natural enzymes. It is a blend of bacillus bacteria strains (both anaerobic and aerobic types) cultured for their ability to digest organic waste – quickly, efficiently and without odors! The natural enzymes quickly break down proteins, starch, carbohydrates, animal and vegetable fats & oils, and paper for the most effective waste digestion. Regular use will establish thriving colonies of these waste-digesting bacteria to provide uninterrupted cleaning action in all drains, plumbing and septic systems. This continuous digestion prevents accumulation of sludge, scum, grease and all other organic solids. It unclogs drains for full flow and reduced odors. In septic systems, it will eliminate solids carry-over and odors, and reduce the frequency of pump-outs. It introduces micro-organisms into the soil for improved drainage and smooth operations of drain fields or leach beds.

Use on:

- Municipalities
- Institutions
- Industries
- Sewage systems
- Drains
- Grease traps
- Septic system
- Toilets

Effective against:

- Odors
- Grease
- Digests Waste
- Reduces sludge

Features and Benefits:

- Attack, liquefy and remove grease, fat and oil faster
- Contains both anaerobic (can live in airless environments) and facultative (can live with or without oxygen) bacteria
- Bacteria are in spore form for extended shelf life

Authorizations

NSF C1: Cleaning compounds for all surfaces in inedible processing areas, non-processing areas and exterior areas.

Properties:

Appearance..... Powder
 Fragrance..... Yeast-like
 Colony count..... 3.0 Billion / gram

Quantities:

25LB PAIL (AB21-25)
 50LB PAIL (AB21-50)
 100LB PAIL (AB21-100)

Directions: Complete directions on product label

Clogged drains - Maintenance Treatment: 2-6 tablespoons in the drain, 2-3 times per week.

Grease Traps - Maintenance Treatment: use 1lb per 20 feet of capacity weekly.

Septic System - Maintenance Treatment: ¼ lb per month.

Safety

Keep out of reach of children
