TECHNICAL DATA SHEET

NAME: PINK CADILLAC

PART NUMBER(S): CC294

PRODUCT DESCRIPTION:

Pink Cadillac has a unique thickened formula which clings to sides of pipes and drain lines, increasing contact for more effective treatment. Digests and liquefies organic build-up, grease and food by-products in hospitals, nursing homes, schools, prisons, funeral homes, apartments, kennels, clinics, porta-toilets, marinas, and septic tanks. Contains seven strains of non-toxic bacteria. Note: This product performs best within a pH range of 5.5 – 8.5. Optimal temperature range for maximum effectiveness is 54° – 113°F; effective up to 212°F. Extremes of pH and temperature, as well as wide shifts in either parameter over a short period of time should be avoided. Cold temperatures reduce the effectiveness of the product and no bacteria activity can be expected below 40°F. Biodegradable and Non toxic.

Features & Benefits

- Clinging formula digests fats, oils and greases (FOG)
- Pleasant fragrance/odor control
- Reduces suspended solids
- Non-toxic, non-acid, non-alkaline, non-polluting, non-pathogenic, biodegradable

Applications:

- Dumpsters
- Eliminates drain flies
- Use in grease traps
- Use in dry floor drains
- Septic tanks
- Sewer lines
- Deodorizing carpets

Quantities

Available in 12 x 1 quarts.
