PRODUCT DESCRIPTION:

Power Tape it's a revolutionary new tape that doesn't use adhesive, but is strong enough to hold an incredible 17.5 lbs on any surface! **Power Tape** is the incredible new advanced-grip technology tape that instantly locks anything into place without screws or anchors! It's also reusable — just remove, rinse and reuse! Use it again and it's just as strong!

Features and Benefits:

- Non-toxic
- Holding power: 17 pounds
- Transparent
- Water-resistant
- No sticky residue
- Reusable (just remove and rinse)
- Roll length: 10 ft
- Double sided tape with Nano Technology
- Multipurpose, for any surface, indoors and out

Use on:

- Metal
- Plastic
- Aluminum
- Glass surfaces
- Warning: not for use on dry-painted surfaces, uneven surfaces, and wet surfaces

Directions:

Make sure surface is clean and dry. Attach Power Tape to surface vertically. Press down hard and hold for 20 seconds after sticking to make the adhesive tape have full contact with the surface. This will help maintain long-lasting stickiness. To remove: Use heat from hair dryer to soften Power Tape. Once is is soft, use a putty knife to slowly lift the tape from the surface.
