TRASH CAN ODORS

**STINK SUCKER** is a biodegradable odor absorbent sponge. **STINK SUCKER** absorbs malodors and moisture in the air like a magnet. **STINK SUCKER** eliminates odors such as: mold and mildew, sewer gas, smoke abatement, tobacco smoke, burnt popcorn odors, bathroom odors, paint fumes, dead rodent fumes, hospital odors, trash, and more. This product can be used in: old refrigerators, walk-in freezers, rooms of any size, footwear, trash cans, sewer chaises, in supply air plenums, in front of coils, inside supply air ducting and more. 1lb sponge covers 400 sq feet and lasts at least 45 days. 4lb sponge covers 2400 sq feet and lasts 4-6 months.

## DIRECTIONS

Remove lid and place in affected area. For maximum effectiveness, eject ODOR EATER SPONGE onto lid, removing container. For better efficiency, place product in air stream moving toward problem area. Trace fragrance will fade as the product neutralizes odors. Keep container away from open flames. Product may melt at temperatures above 125°F but will continue to work when it turns back into solid.

## WARNING

Store upright. Do not expose to heat or store at temperatures above 120°F.

## DANGER

Harmful or fatal if swallowed. Avoid contact with eyes and skin. If eye contact occurs, immediately flush eyes with plenty of water and continue flushing 15 minutes. Get medical attention. Avoid prolonged skin contact. If spilled on skin, immediately wash off area with soap and water. Remove contaminated clothing. Do not take internally. If swallowed, do not induce vomiting. Get medical attention. If allergic reaction occurs (headache, difficulty breathing, sneezing or skin irritation), get fresh air immediately. Do not return to the area until it has been thoroughly ventilated. Contact your physician if symptoms persist.
