

TECHNICAL DATA SHEET

NAME: THUNDERCLAP

PART NUMBER(S): AL59-4

PRODUCT DESCRIPTION:

This product converts existing rust into an inert, protective coating that seals out moisture and corrosion. Unlike other products, it is not a simple cleaner or cover-up. The special formula attacks rust at the chemical level, for fast, long-lasting results. Treated surfaces turn matte black, and can be left as-is or painted with an oil-based paint for even longer protection against new rust. Ideal for treating larger surfaces. Apply with a pump-up sprayer or paint brush.

Features and Benefits

- Easy to use, non-flammable, low VOC
- Water-based treatment
- Approved for use on all non-food contact surfaces
 - Protects against future corrosion
- Non-toxic and emits no harmful fumes

Use on:

- Structures
- Machinery
- Equipment
- Vehicles
- Railings
- Marine Applications

Note: Do not use with water-based paints.

Properties

Appearance... Beige Liquid

Fragrance..... Bland

Ready to use... Yes

pH..... 1.5-3.0

Shelf Life..... 9 months for unopened product

Protect from..... Freezing temperatures or temperature above 100 °F

Directions

Apply two coats allowing at least 20 minutes drying time between coats. Allow 48 hours of cure time before applying an oil-based paint. One gallon will cover 200-300 square feet of a smooth non-porous surface. Irregular, porous surfaces will require a heavier application rate.

Quantities:

4X1 GALLONS
