## TOP GUN

FRESH ORANGE SCENT

ALL NATURAL LIFT STATION DEGREASER

BIODEGRADABLE

ODOR  
ELIMINATOR

DEGREASER

COLOR  
INDICATOR

NET CONTENTS: ONE GALLON (128 FL. OZ.)

**TOP GUN** does not mix with water allowing it to float on the surface of wastewater contained in the lift station. It will rise and fall with the level of wastewater to keep walls, pumps, hoses, etc. clean and functioning properly. The special soybean oil derivative does not evaporate as quickly as other solvents, so it remains on the surface of the wastewater longer to penetrate and dissolve wastewater deposits.

#### DIRECTIONS

Simply pour product into the lift station. Use approximately 1/2 gallon for every square foot of wastewater surface area.

#### DISPOSAL

Dispose of contents/container to comply with local/regional/national/international regulations.
